

Diamond Drill

Out of the Past

August 32, 1958

The ongoing issue of zoning along Crystal Avenue again received a public airing at the Crystal Falls City Council meeting. Presently zoned commercial, local residents with homes along the route, which is also designated Hwy US-2, are pushing for spot zoning in hopes of deterring commercial development and continuing to maintain it as a residential neighborhood. No action was taken by the Council with further discussions planned for the future.

The Crystal Falls Public Schools will formerly open for the 1958-59 school year on September 2<sup>nd</sup>. The teaching staff for the most part is the same as last year with the exception of the addition of Eugene Martino added to teach the sixth grade, Harley Larson replacing Robert Greenlund who has transferred to the Iron River Schools and Ronald Helgren, a June graduate of Wisconsin State College at Oshkosh, replacing the departed Richard Goree.
