Diamond Drill

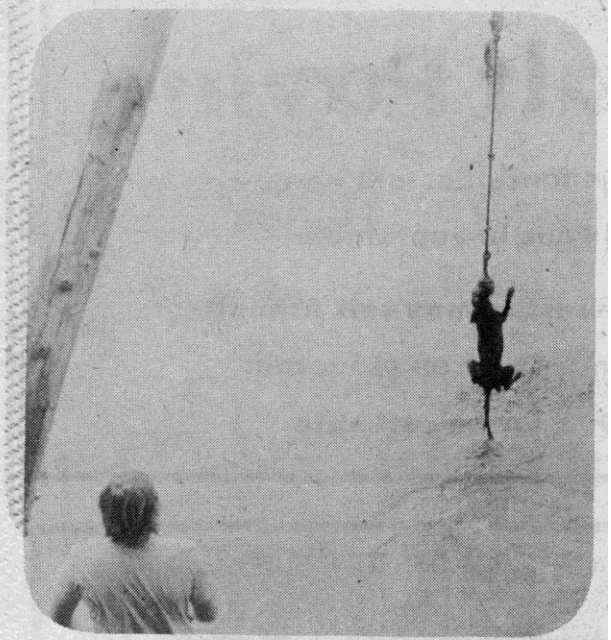

Out of the Past

September 8, 1976

"Moostie" a mutt of questionable breed owned by Mike Schiavo is in a class by himself at the ole swimming hole. Moostie got tired of sitting on the bank at "Peanut Pit" located just west of Hwy-141 at the site of the former Revenna Prickett Mine near Briar Hill Creek watching his master and friends having a great time using a rope swing to splash into the water. So one day he took his turn on the rope and has been doing it ever since. He grabs the rope with his teeth, swings out over the water and drops in for a cooling dip at the proper time.

Hanna Mining Company has announced the retirement of two long-time employees. Earl Bonneville, a production driver at the Groveland Mine ended his career after 34 years of service. Bonneville began his employment at Cuyuna Range in Minnesota before transferring to the Groveland in 1964. Charlie VanTroba, assistant primary crusher operator at the Groveland joined the Company as a shaft repairman at the Homer-Wauseca in Iron River in April 1955.

"MOOSTIE" is a mutt of questionable breed, owned by Mike Schiavo, but he is in a class by himself at the ole swimming hole. Moostie got tired of sitting on the side of "Peanut Pit" watching his master and his friends having a ball on the rope swing while he sat panting on the sidelines, so one day he took his turn at the rope and has been doing it ever since. He grabs the rope by his teeth, swings out over the water, and drops in for a cooling dip at the proper time.
