

Diamond Drill

Out of the Past

November 25, 1948

Mr. and Mrs. Warren Scherer are now occupying their new home on the Southeast corner of Michigan Avenue and South Third Street (203 S. Third) across from the Municipal Hospital. Their modern bungalow style brick dwelling was constructed by contractors under the supervision of Alvin Johnson. The location has been a prime residential lot dating back to the early days of Crystal Falls when South Third Street was the main thoroughfare for entering into the City from the south.

Two Crystal Falls' young men Ray L. West, son of Mr. and Mrs. Aval West (1115 Harrison) and Lawrence E. Danielson, son of Mr. and Mrs. Walter Danielson (811 Harrison), are undergoing recruit training at the world's largest naval training center at Great Lakes, Illinois.

Basketball fans attending games at the Forest Park Gym this year will be greeted with a new and long overdue trophy display case. The trophy collection includes 6 U.P. Class "C" awards, 15 District titles and other trophies from golf, track and tennis which can be viewed upon entering the North main entrance of the Forest Park Building.
