

Diamond Drill

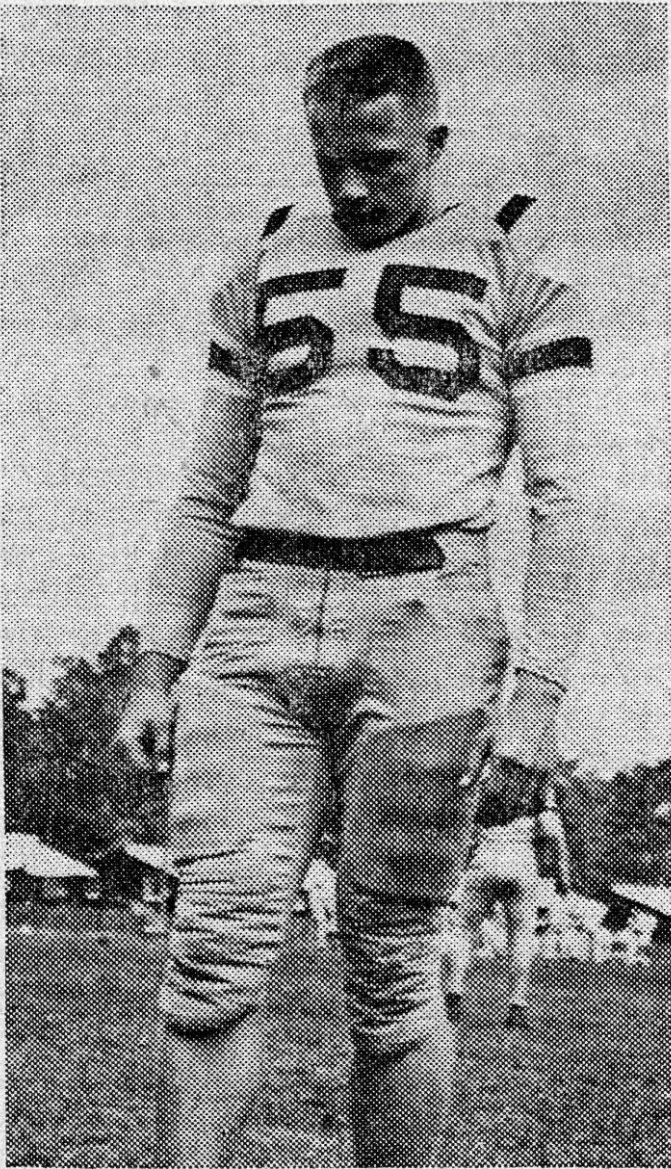

Out of the Past

January 8, 1959

Spc4 Max Woelffer, son of Mr. and Mrs. Carl Woelffer, who since basic training at Fort Leonard Wood, Missouri, has been a paratrooper in the First Airborne Battalion of the 506 Infantry at Fort Campbell Kentucky, was discharged in December after 21 months of service. Woelffer, a 1955 graduate and standout athlete at Crystal Falls High School, will return to Michigan Tech, where he was a member of the Huskies football team to resume his studies.

The Crystal Falls City Commission has been notified by Crystal Falls Township Officials that the nameless street leading from Crystal Avenue south to Forest Avenue will be designated "Ski Hill Road".

The Upper Peninsula Basketball Tournament Committee has scheduled all high school basketball semi-final and final regional tournament games to be played at the Northern Michigan College Physical Education Building and the recently dedicated \$600,000 fieldhouse in Marquette. It is a radical departure from recent years when the contests for the 76 competing school districts were hosted by Houghton, Negaunee or Escanaba.

WOELFFER

TORREANO

ON HUSKIES SQUAD—Max Woelffer, left, son of Mr. and Mrs. Carl Woelffer, and John Torreano, right, son of Mr. and Mrs. John Torreano, Sr., both of Crystal Falls, are members of the 1956 gridiron squad at Michigan College of Mining and Technology in Houghton. A sophomore electrical engineering student, Max is a fullback and does the kicking off and extra point attempts for the Huskies. He is a former football, basketball and track star at Crystal Falls High School, where he captained the Trojan football and basketball teams. Torreano is a sophomore metallurgical engineer major and plays tackle for Tech. He has been used considerably in games played to date. Both Max and John graduated from CFHS with the class of 1955.
