

Diamond Drill

Out of the Past

September 11, 1974

Probably there is no one in Crystal Falls who doesn't have a pen bearing the advertising message from the Lud Stoor Insurance Agency and the pens have no doubt spread far and wide throughout the country. According to Ellen Stockero, who recently returned from a trip to Mexico, the local gringo's message is being circulated south of the border when she presented three of Lud's pens to some street urchins who approached her looking for a handout.

Concerning the recent complaints about the use of emergency lights and sirens by members of the Crystal Falls Fire Department on their private vehicles, Fire Chief Sam Karnack stated that all department vehicles, as well as those privately owned by the volunteers are authorized by Michigan State Law. When properly installed and used during emergency situations, these signals on private vehicles carry the weight of the law in regard to the public's need to give them the right of way.
