

Diamond Drill

Out of the Past

September 7, 1895

The school census for Crystal Falls shows a total of 508 pupils of school age in the district. The percentage of non-attendance is very small with nearly 400 being enrolled for the first week of the new school year.

A great transformation has taken place at the former booming town of Ewen in Ontonagon County. The standing pine in that vicinity was damaged by forest fires last summer to such an extent that it had to be cut to save it from becoming worm eaten. Led by the Diamond Match Company's harvest of 150 million board feet the total cutting amounted to 300 million board feet which employed 3,000 men. Now all the pine within a radius of 10 miles is gone.

Ad: Diarrhea should be stopped promptly before it becomes chronic. Stomach and bowel complaints are best relieved by the timely use of "DeWitt's Colic & Cholera Cure". Effective, safe and certain, it can always be depended upon. Wilkinson Drug Store (237 Superior).
