

Diamond Drill

Out of the Past

November 27, 1925

Crystal Falls High School has ordered eight new basketball uniforms for the upcoming season. The uniforms have red jerseys and black trunks with a monogram worked on one of the trouser legs. The School is also in the process of organizing a Junior High School basketball program. Eleven teams will play a game every evening of the school week, with two games to played on every other Friday night.

With no available space in the existing Porter School building, the Mastodon Township Board of Education has selected a site for a temporary gymnasium. Amasa, Bates and other similarly sized districts each have their own gymnasiums. And the Alpha area feels handicapped with no gymnasium. Workmen are busy in the lower floor of the Moberg building preparing the main room for gymnasium purposes and the adjoining room for changing room purposes. It is hoped that when the School's finances improve a proper gymnasium could be constructed adjoining the Porter School Building.

Progress is continuing preparatory to the installation of electric lights in Channing. The Village will be supplied with 21 arc lights on the streets while every house in the village will be wired.
