Out of the Past

July 13, 1950

The Crystal Falls City Council in a "lively" discussion is debating the installation of parking meters on Superior Avenue to help with the existing parking problems. Each year during the busy tourist season the existing parking regulations which limits parking to two hours during business hours have done little alleviate the parking space shortage. The question arose as to where the meters could be installed and if only the crowded 300 block of main street should be considered. The Council took no action but instructed the police department to strictly enforce the existing regulations.

Thirty-three children received their first holy communion at the Guardian Angels' Church Sunday. Rev. Carl J. Petranek celebrated the mass which marked the closing of summer religious education classes for the children. Daily Catechism instruction was conducted at the Forest Park School by Sisters Mary Rose, Mary Agnes and Mary Angela, members of the Dominican Order of Oxford, Michigan.

Due to the ongoing "conflict" between North and South Korea the United States Government has temporarily closed the Soo Locks to visitors for security reasons.
