Out of the Past

August 26, 1948

A torrential downpour and coincident thunder and lightning did not dampen the spirit of the estimated two thousand men, women and children who filled the 9 acres of tents of the Al G. Kelly-Miller Bros. Circus, located at the Airport property north of the cemetery, witnessed a 120 minute show considered by many one of the most outstanding performances in history of Crystal Falls. The event featured a herd of giraffes, 23 performing elephants, prancing horses, high flying aerial trapeze artists and of course funny clowns.
