

Diamond Drill

Out of the Past

February 24, 1949

Dr. and Mrs. Earl R. Addison and family have recently occupied their new ranch type home at 601 State Street. Located on the hill just inside the Crystal Falls City southern limits, the sprawling new home abounds with windows and is said to be one of the most modern residences in the Upper Peninsula. The Addison's apartment, above the doctor's office (410 Superior) will be occupied by Mr. and Mrs. George LaFreniere and daughter Virginia who now reside in the Bendick Apartment next door.

The Crystal Falls Boy Scout Troop #508, sponsored by the Rotary Club, took third place honors at the Klondike Derby held at Pine Mountain. Each 8 man team was required to build a regulation Klondike sled, six feet long with runners 18 inches wide. The sleds were pulled by the scouts between six stations where various tasks had to be completed. Members of the Crystal Falls team included: Ronnie Dove, Walter Hagglund, Dickie Johnson, Allan Robertson, Calvin Soderberg, Dickie Sundquist, Buddy West and Donald Williams. Jack Temple and Ivan Thompson served as Scoutmasters.
