

Diamond Drill

Out of the Past

August 1, 1973

Dr. Theodore Ludwig, a Port Huron Native, has joined the Falls Clinic in association with Dr. E.R. Addison, Dr. D.D. Sherk and Dr. R.E. Stelle. Dr. Ludwig has recently completed his surgical residency at Grand Rapids and along with his wife Barbara and two children have purchased the former Eddie Chambers house on the West end of Michigan Avenue.

Lots of things happen when August "Brownie" Zdravecky turns on the motors that drive his "Carnival Machine". A thousand hours of spare time went into the enclosed cabinet (5'x4'x4') featuring a rotating Merry Go Round, ferris wheel in the multi colored lighted display. (Note: On display at the Harbour House Museum)

Crystal Falls Museum Society is an all-volunteer, donation funded, 501(c)(3) nonprofit organization dedicated to the preservation of the history, traditions and heritage of the Crystal Falls Area. They maintain the Harbour House Museum and archives collection. Donations and volunteer help are always appreciated. Monetary Donations can be made by using the shop tab at the museum's website: crystalfallsmuseum-harbourhouse.org
