

Diamond Drill

Out of the Past

April 16, 1926

Iron County Sheriff James A. Dickie has presented to the County Board of Supervisors a report on his activities relating to Prohibition Law violations since taking office last January. Total arrests (96); Convictions in U.S. Court (43); Convictions State Court (3); Justice Courts (3); Pending Cases (260, Dismissed cases (10); paroled (11). Total confiscation of mash, moonshine whiskey and home brew 24,109 quarts.

Last Thursday about 40 boys turned out in response to a call for students interested in taking part in a Crystal Falls High School track team. The High School has never had a track team and the boys will be rather green material. Mr. Trainor will be in charge of the track work which will include the following events: Sprints, long distance running, hurdles, pole vault, high and broad jumping, discus throwing, shot put and javelin.

According to A.L. Burrige division engineer for the Michigan State Highway Department, practically all Upper Peninsula State trunk line gravel roads will be treated with a bituminous tar coating or calcium chloride this summer.
