

Diamond Drill

Out of the Past

August 24, 1895

It is rumored that local farmer went into his barn the other night to feed his cow and by mistake mixed up nice mash in a box filled with sawdust instead of bran. The animal merely supposing that it was on account of the hard times meekly ate her supper with the farmer not discovering his mistake until the next morning. During the morning milking she gave a half gallon of turpentine, a quart of shoe pegs and a bundle of lath.

A meeting of the Crystal Falls Township Board was held on Tuesday afternoon. No business of importance was transacted.

Coal will be delivered in Crystal Falls this fall at \$6.50 per ton, a decrease of 75 cents per ton from last year's price.

Gossip comes from the west side of Iron County states that the Dober Exploration will receive equipment transferred from the Mastodon Mine. The Sheridan Mine which has been idle for the past two years will resume operations; Hiawatha Exploration will proceed with abundance of promise, likewise with the Stambaugh Mine.
