

Diamond Drill

Out of the Past

November 13, 1925

Florence E. Rogers, widow of the late Charles M. Rogers, was appointed to fill the vacancy for the Iron County Register of Deeds position. The selection was made by a board composed of the Prosecuting Attorney, Judge of Probate and County Clerk. Mrs. Rogers is entirely capable of handling the work, having become acquainted with the duties during her husband's term of office.

The wedding of Miss Sophie Ball and Stanley Shambob (Simbob), solemnized at the Crystal Falls Guardian Angels Catholic Church and celebrated at the Ball home was one of the most exciting affairs to occur in the Buck Lake District in recent memory. Many friends and relatives of the couple came from adjoining towns and joined in the celebration which lasted throughout the day and well into the night.

The work of paving Crystal Avenue has been suspended for the present year and the street will remain in its present condition until work resumes next May. The Avenue will not be open for traffic until about July 4th because the concrete pavement must stand for three weeks to attain full strength before traffic will be allowed.
