Diamond Drill

Out of the Past

September 32, 1926

Miss Agnes Erickson has purchased the complete equipment and has opened a beauty shop on the upper floor of the Finnish & Swedish Building (336 Superior) in the office formerly occupied by Dr. A.L. Haight. Miss Erickson has five years of experience in Chicago and has done work during brief intervals in Crystal Falls in the past. The Crystal Beauty Shoppe will open two evenings each week and if business warrants will add another employee.

The grocery store of John Tufts (109 Superior) was gutted by fire. The building was so badly scorched that it is questionable if it can be repaired. The property was the longtime location of the Bannerman Hotel erected in 1884 and other various businesses before Tufts opened his store there in 1907.

With the approach of the early autumn and the attendant increase in fire danger local residents are reminded that under recent legislation it is unlawful to burn without first obtaining a permit from the Local Municipality or the Michigan District Conservation Officer. Violation of the provision carries a fine between $25 to $100 or a jail sentence of not more than 90 days.
