

Diamond Drill

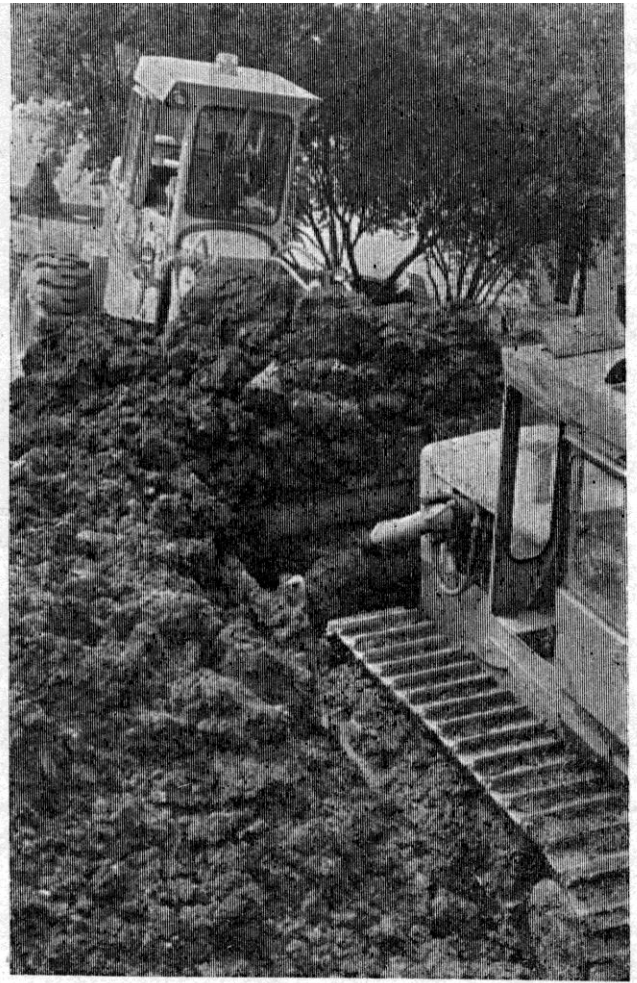

Out of the Past

September 19, 1973

The Forest Park School Board of Education has decided to memorialize the late Eddie Chambers by naming the new high school gymnasium in his honor. Following considerable discussion relating to the falsely stated information that the districts of Alpha and Amasa were not affected by Chambers, thus not justifying the name change, it was pointed out that Chambers' prominence and influence as coach, athlete, educator and referee was Upper Peninsula wide.

William Way, involved in the shooting and abduction in the local area last month, pleaded guilty to various counts of kidnapping and other crimes was sentenced in Federal Court to three consecutive life terms in prison thus insuring that Way would never be able to walk the streets again as a free man.

Crystal Falls Township contracted with the Iron County Road Commission for complete reconstruction of a portion of Ski Hill Road north of Forest Avenue. A large quantity of unstable ground is being dug out before being replaced with suitable materials to eliminate the troublesome stretch which has plagued the area for years.

ROAD REBUILDING PROJECT — Crystal Falls township contracted with the Road Commission recently for the complete reconstruction of a troublesome stretch of the Ski Hill Road north of Forest Avenue, and tons and tons of unstable ground had to be dug out before an adequate base

could be laid. A tractor and front-end loader had to work together to load trucks with the wet and sticky clay and muck. The project also eliminated a steep section just south of the athletic field parking lot entrance.
