

Diamond Drill

Out of the Past

July 25, 1924

The Michigan Public Utilities Commission has served notice that all buses operating on State roads must keep their speed below 30 miles per hour. The Commission stated that the 30 MPH limit to be the maximum speed which they can travel and protect the passengers from a serious accident. The maximum limit for all vehicles is 35 MPH.

Iron County has its first motorcycle cop. Equipped with a Henderson four cylinder motorcycle, guaranteed to go 90 miles per hour, Deputy Sheriff Howard Wheeler of Iron River will be patrolling County Roads at "all hours" and the public might meet him anytime or anywhere.

For the first time in the history of Iron County, women have been chosen as members of the jury that will serve the Circuit Court. A number of women from all sections of the County have been drawn and have the option of asking their names be stricken off the list.

Ad: Girl wanted for assistant in Dr. Hockings Dental Office, A girl speaking Finnish preferred. (706 Crystal Avenue)
