

Diamond Drill

Out of the Past

September 4, 1974

The City of Crystal Falls due to the approaching retirements of present personnel and the difficulty in arranging shifts and vacations because of insufficient people trained for the job, two additional persons have been hired to train as a power plant operator and electrical department grounds man. Emil Bicigo Jr., who along with his family operate the Crystal Falls Shoe Shop (40 Superior), has been employed recently in Iron Mountain began his employment with the City on August 19th. Jack Watt has been employed by the City as a relief member of the Crystal Falls Police Department while at the same time providing some additional relief staffing problems at the city-owned power plant.

Ad: Antique Bricks – Salvaged from the demolition of Crystal Falls High School building erected in 1906. All cleaned and stacked. Quantity of 5,300 is available at 15 cents each. Not interested in selling in small quantities. Mixture will create same effect as the front of the Diamond Drill Building (229 Superior) which was faced with bricks from the same supply. Contact Rudolph J. Dalpra, 1137 Erie Avenue.
