

Diamond Drill

Out of the Past

August 27, 1959

Dot and Vic Capron have reopened Ione's Restaurant (44 Superior) and will be open evenings until 11PM. Mrs. Ione Lind has operated the business since June 1955. The location has long been the site of various saloons dating back to the early 1880's.

The 424 Association, a group formed by businessmen from the area along Iron County Road 424, seek to promote the route as a tourist passage. The group is proposing erection of a large sign south of Crystal Falls before the intersection of Hwy US-2 and Road 424 which will call to the attention of the traveling public the possible use of the road which passes through Alpha, Chicagon Lake area as a direct route to the west-side communities of Gaastra and Stambaugh thus bypassing Crystal Falls. Also of concern to the new association is protection of the black bears that frequent a dump near Chicagon Lake. The animals make regular nocturnal forages to the site creating a pleasurable pastime of evening viewing for an ever increasing crowd to witness their antics.
