

Diamond Drill

Out of the Past

December 24, 1975

Warm Holiday Greetings from your friends and neighbors at the First National Bank of Crystal Falls - Jane Anderson, June Bjorne, Helen Forslund, Claudia Groop, Mim Jacobson, Pearl Johnson, Charles Karnack, John Rodda, Joyce Salmi, Bill Stream, Crystal Wiggins and Joyce Wiggins.

Recent college graduates from the local area includes from Michigan Technological University David Gustafson and Roger Mechon; Northern Michigan University Margaret Clement, Robert Flood and Dennis Stromberg.

There was a big crowd of family and friends on hand for the final session of the Iron County Community Schools ballet class in the Forest Park High School cafeteria. Girls who participated in the 10-week program demonstrated the ballet steps they had been taught by instructor Chris Robertson of Iron River. Because of total lack of ballet nomenclature, we'll have to call the first position a "deep knee bend", the next a "back bend", and resorting to the only word that come to mind from ballet a "pirouette".
