Diamond Drill

Out of the Past

September 24, 1926

Walter Hagglund, teacher at the Swan Lake School, accompanied by two of his handicraft students, Edward Rintala and Walter Sulosalmi, motored to Detroit to attend the Michigan State Fair where they represented Iron County.

A Crystal Falls Rotary Club Committee recently attended a meeting with West Iron County officials to determine the possibility of participating in the construction of a proposed joint golf course on the Gibbs Farm at Chicagon Lake. The Rotary Club voted not to participate in the venture due to the location to far from the City of Crystal Falls. It was also noted that a joint proposal put forth two years ago to construct a golf course at Fortune Lake and went so far as to have plans drawn before the West side people backed out. Locals are investigating the possibility of constructing a new larger golfing ground in the Western Location to replace the existing temporary seven hole course opened in May of this year north of the cemetery.
