

Diamond Drill

Out of the Past

January 25, 1924

If Michigan is going to preserve its deer population an effort is being put forth to reinstate a bounty on wolves. Efforts by Michigan State Conservation Deputies and hired professional trappers are having minimal effect on the wolf population numbers. In neighboring Wisconsin, where a bounty of \$30 per wolf is paid, a total of \$31,590 has been paid out since August 1st.

The Amasa High School basketball team played their first game against the Iron River Hi-Y team in the new school gymnasium losing by a score of 28-17. Local team members included Burge, Kuoppola, Premo, E. Thompson and V. Thompson. A preliminary game was played between two Amasa high school girls' teams with the red team defeating the blue team 13-12.

A Swedish Commission has determined that the average efficiency of women in government jobs seems to be in general under that of men. Therefore, the committee recommends that the women should not receive salaries on a par with their male colleagues and proposing an average reduction of 8 to 14 percent on female employees pay rates depending on grade.
